## **Voters User Manual**

#### Introduction

When voters open the application (<u>https://baloti.org/</u>), the landing page will be like below.

Figure 1 - baloti landing page

Here the voter can see the Vote Now button at the bottom and at the same time a Login button, which is highlighted in red colour.

#### **Buttons & Features**

- EN The option for the Voter to select the available language
- Burger Menu The 3 vertical lines placed between the Language button and the Login button.
- Login For login into the application.
- Vote Now For going directly to the voting page
- How it Works To know the process, by clicking the application scrolls down to the page.

### Login

By clicking on the **login button**, the Voter will be directed to the login page. Here the Voter/user can see the option to login/register - if it is for the first time.

Figure 2 - Register/Login

For Login, the Voter has to enter the valid email id and password, as shown below and click on the button "**Continue**".

Figure 4 - Register/Create an account

After entering the email id, the voter needs to click on the "**send**" button. Then a screen will appear below.

Figure 5 - Success mail send

Here as shown in the above screen the voter clicks on the "**Login Now**" button and enter the id and password that the voter will receive through the mail.

Now the voter has to open the personal inbox to find the baloti created voter's user id and a temporary password for login.

Figure 6 - Registration Mail

Now the voter needs to click on the **Continue button**. And now a new window will appear or can directly go to baloti application and click on '**Login now**' button.

Figure 7 – 1st Login

Here the voter can login to the application by entering the valid credentials.
